

327D.72 Interstate commerce schedules.

When schedules and classifications required by the United States department of transportation contain in whole or in part the information required by the provisions of this chapter, the posting and filing of a copy of such schedules and classifications with the United States department of transportation shall be deemed a compliance with the filing requirements of this chapter insofar as such schedules and classifications contain the information required by this chapter, and any additional or different information may be posted and filed in a supplementary schedule.
